Today I want to give you some travelling tips. My first of advice is to work hard on your research before you go. Also it is better to know about the language and culture of the country that you want to visit. I plan my trips carefully at least three months before I leave, reading about the places I'm going to visit on the internet and in books. I had a very remarkable trip to Morocco. The country is amazing. There are many historical buildings and very beautiful mosques. Then I went to Turkey. If you are interested in local crafts, you should definitely visit this country.
